

Located in the region of Cannes, France (French Riviera)

EduKick France/Hidalgo International Academy Boarding School - Junior/High School Option

This program requires a strong personality and character

Good football ability alone is not enough; your mental strength will make the difference

To succeed and reach a high level of performance, you will need to be both physically and mentally strong

What is the “EduKick France Year Long Soccer Boarding School Program?”

Our philosophy is that exposure to foreign language, culture, and professional football training abroad will accelerate personal and athletic growth in young people. The program provides a very unique experience: a complete package of football training and language lessons that have a lasting and positive influence on the participating young player. The program is committed to delivering the highest level of language and football instruction, in secure, safe, and nurturing environments.

The goal of our programme is to provide our students with higher education in football, higher education in French (becoming a successful life-long learner), and higher education in life (building character for excellence).

The year-long program aims at allowing all participants:

- a) – Football/Soccer: to acquire a technical, tactical, physical and mental ability to compete at international level
- b) – School (Collège): to learn a foreign language and to follow a French normal curriculum All classes are in French, and foreign students can have adapted classes of French
- c) –Immersion: welcomed and hosted in a local family to experiment the French lifestyle
- d) - Experience: to experience life in a foreign country (Region of Cannes, France)

The program is designed for serious young football players, **both boys and girls from 12 to 15 years old**, who desire to develop their football/soccer abilities over an extended period of time (ten months) under the guidance of our professional technical coaching staff in the area of Cannes (south of France). It coincides with the regular academic school year, from the beginning of September to the end of June of the following year.

Our “France/Hidalgo International Academy Boarding School - Junior/High School Option” is an excellent way for young players to distinguish themselves as football players and to develop their high level capacities.

It is a full-time program **starting on the 4th September 2010 and finishing on 27th June 2011**. All school lectures, coaching sessions, and social activities are conducted in French, though the communicative language may still be both English and French for the first few weeks. The football/soccer training sessions are conducted every day after school. Registering players must be competitive players that are committed to improving their technical football/soccer skills, general knowledge of the game and overall experience as players.

The challenge for our students is to strive to be the best that they can be :

- By conquering a higher level of ability as football players and athletes (Intra-personal confidence)
- By immersing in a new language - French (expanding intra-social confidence and communication skills)
- By believing in their capability to be where they want to be through commitment and hard work (resilience and character formation.)

As expert educators we believe and value education as the key to successful personal development. It is important to realize that all participants in this programme must agree to: **1. Study hard, 2. Train hard, 3. Give your best at all times**

Our year-long program has been specifically designed for students who are highly committed to excellence.

PART 1 – THE FOOTBALL PROGRAM

I - OUR PRINCIPLES AND VALUES

Football in the 21st century is more competitive than ever. Individuals from all over the world are stronger, and better trained than they were in the past. To continue to meet these competitive demands requires an integrated approach with attention to four areas of performance: technical, tactical, physical, and mental. These four areas serve as the foundation for personal achievement. Neglecting any of these denies the player the opportunity for maximum development.

The goal of our EduKick France - Junior program is to work with the players on every aspect of their learning and training to ensure they develop the physical, technical, tactical and mental foundation required for better performance. This is accomplished through coaching and training in advanced strength and conditioning techniques, uniquely integrated with mental, nutritional and sports medical principles. Programming is provided in either an individual or small group format. The coach/teacher to athlete ratio is kept purposely low to assure optimal instruction.

The instigator of this program is Michel Hidalgo. He instigated the EduKick France Academic Year Football Boarding School Program. The objectives that he has defined with the coaches and instructors are to optimise the essential aptitudes of the player for high level practice in all aspects: athletic (from teenage capacities to junior abilities), high level (from fundamentals to specialization), tactical control of play (from individual skills to team game), competing (from mental resources to the culture of competition), etc

II - THE FOOTBALL/SOCCER ORGANISATION

For our EduKick France soccer training grounds we use the facilities of the football club of LE CANNET (**ESCR**), which has its own 4 “new-generation” synthetic (turf) fields.

TRAINING SESSIONS AND MATCHES

Participants will train 3 times a week with our EduKick France technical football/soccer coaches and trainers. According to the level of registration, 4 different levels of practice are set: the U12, U13, U14 and the U15 year-old category. The apprenticeship of football differs according to the background of the players, their experience, and also according to their age.

Our main achievement is to manage to have our participants as integrated members of the local community by means of sharing the same sport goals, school and language. This will facilitate the participant’s socialization process. This is why the players will also be registered in a local French club team and train 2 to 3 times a week with their local club team.

Matches are on Saturdays or Sundays. This will give the player a unique opportunity to participate in the French championship (league) at district, regional or national level with the partner clubs of the EduKick France program.

If the student does not meet the requirements of article 19* from Fifa, and will not get a football license, he will play 2 to 3 friendly matches monthly with his football club.

**For 17 years old and under, with a passport outside the European Community, the Article 19 from FIFA reserves the right for the French Football Federation to deliver or not a “Match License”. There is no restriction for players over 18 years of age. For the students who will not obtain a football license, the program will be exactly the same except that friendly matches will substitute to official matches.*

OUR FOOTBALL STAFF

Our coaches are fully qualified as youth coaches and have followed the normal training set up by the French Football Federation (FFF). They are entitled of a BE (Brevet d’Etat) 1st and 2nd level. All of them were former professional players in France. They may not be bilingual and football teaching will be in French. The participants will also receive the intervention of specialized trainers, coaches, professional active or former players, for some specific workshops: (goalkeeper, defence, attack, etc...).

OUR FAMOUS COACHES

During the program the football sessions on Monday, Tuesday and Thursday will be supervised by Bruno Bellone (<http://football-legende.maxifoot.com/bellone.htm>) and Christian Lopez (<http://www.asse-stats.com/joueur-christian-lopez-38.html>)

REGENERATION TIME AND INJURIES

Resting and regeneration time is key to success for our football program. Athletes need to be healthy and rested to perform their best in and outside the pitch. Our staff will promote this type of life style for each of our participants. If a player feels ill or is overtired, he should report it to our local team coach immediately. Do not try to train or play when you are sick or injured. It is much better to rest 1 or 2 days than being out for 2 to 3 weeks because of an unreported injury or sickness.

MEDICAL FOLLOW-UP

In case of a serious injury during the year, the player will not be excluded from the program. He or she will continue on to the end of the year with his school curriculum. Whether for medical reasons or any other type, the participant decision to interrupt the regular program and return to his country of origin will have to be made in writing to us. All fees of residence for the remaining period and for transportation will be covered by the participant himself. For all participants under 18, the parents will sign a parental discharge to start any medical treatment or surgery after an accident and in case of surgery emergency. Parents should have current valid passports in case emergencies might occur and they need to travel immediately.

III - PERSPECTIVES

Scouts and people in charge of professional clubs will regularly visit the players and attend some training sessions. The players may also be supervised during friendly or official matches that they will play with local clubs. For the most talented players, EduKick Inc. may offer the opportunity to trial with a professional club (but professional trials cannot be guaranteed). Regular conversations between EduKick France front office, Michel HIDALGO and the technical staff will take place so as to always guide our student-players in the best possible manner.

PROFESSIONAL TRIALS

Players are scouted principally on observation during specific oriented activities: open training sessions, matches or tournaments. For players who have a high ability of play, pre-engagements trials may be set with a professional club (AS MONACO FC). The program, through its partner "Sport International Organisation", will follow-up and make arrangements on behalf of the player to find the best possible protocol with the club in view of starting a professional career.

EduKick Inc. & Sport International Organization" has the exclusive rights of image of the players (photos, video, advertising campaign, etc) as long as the player is in France and playing in France.

Michel Hidalgo (left) with EduKick Inc. V.P. Joey Bilotta and players attending Cannes Summer Camp 2008

PART 2 –STUDIES & HIGH LEVEL TRAINING

EDUKICK EDUCATIONAL PARTNER

COLLEGE DES CAMPELIERES **SPORT-ETUDE SECTION FOOTBALL**

1 – FOOTBALL AND STUDY

Officially recognised by the Ministry of Education and by the French Football Federation, the « sport-études » department of Collège des Campelières was set up in 2004.

The class schedule is adapted to the concept of extra sports hours so as to enable the students to attend the football practices. Classes are taught from 8 am to 2 pm.

Every year, 16 to 18 students are granted the possibility to enter the football department at Collège des Campelières. The first objective, just like a normal school, is education.

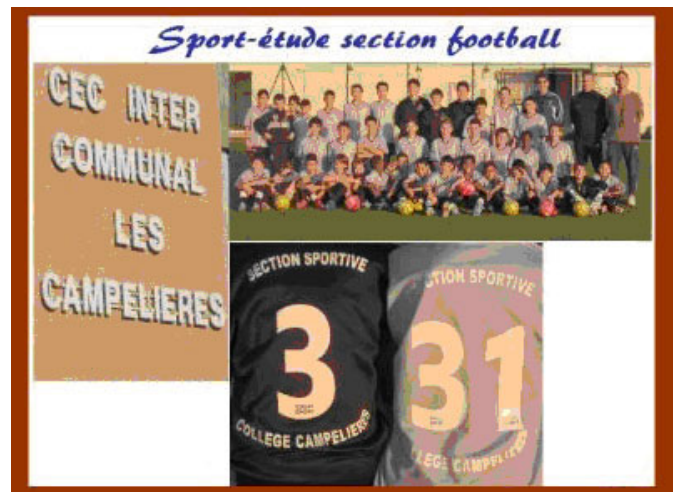

The College also acts as a “centre de football de pré-formation”, only for students from the age of 12 to 15. With the school, they have 3 football sessions per week, on Mondays, Tuesdays and Thursdays from 2 to 5pm, orientated towards the physical capacities and qualities required for a high level practice.

On top of these 3 weekly sessions, the scouted students can choose which club they want to play with. Edukick – Hidalgo academy has established links of partnership with Mougins and Le Cannet, 2 local clubs who welcome our students.

AS MONACO FC

**Official Partner of the Collège des
Campelières football section**

TESTS

On arrival, physical, athletic and football tests will be designated for all students.

“Test jonglage » : starting on the floor, only one try with the right foot (not touching the knee), then one try with the left foot, then one try with the head (starting with the ball in the hands).

“Test parcours technique chronométré » : a slalom around 8 cones over a distance of 25 meters.

“Test vitesse » : 40 meters on a straight lane

« Test match » : the players are divided in 2 or more teams and are watched while playing in normal match conditions.

DAY SCHEDULE

-classes at school are from 8 am to 2 pm.

-Our sport educators start the course at 2 pm at college, walk 10 minutes or drive to the stadium Maurice Jean-Pierre

-Training starts at 2.30 to end at 4.30

-After shower, the players walk back to the college and the families drive the children back home.

II - ORGANISATION

The students at Collège des Campelières benefit from a more compact timetable from 8am to 2pm in order to follow the training sessions on Tuesdays and Thursdays. These sessions take place on the facilities of the stadium Maurice Jean-Pierre.

Their class at school is not made of football players only. On top of the 16 to 18 students involved in the football program, students of a normal curriculum are also part of the classes. All classes are of course made of boys and girls.

Our program has been set up with « institutional » partners such as the cities of Mougins and Le Cannet, the Regional council of Alpes Maritimes, le Côte d’Azur (French Riviera) Football District, the clubs of AS MONACO FC, ESCR le Cannet Rocheville and FC Mougins.

The subsidies that are allocated to the football department of the Collège are designed to benefit our students and allow projects like training camps in altitude, travels, excursions, equipment for the technical sessions...).

The equipment given to the student includes:

-2 training suits personalized for the player (one for Tuesday’s training, one for Thursday’s training). Jersey, shorts, socks.

-a raincoat personalized for the player

-a training set overall

-t-shirts

All players involved in our program also receive a set of training suits from their football club.

The players must wear their training suit at College during the training sessions on Tuesdays and Thursdays.

III - WHAT YOU SHOULD KNOW

What to bring	6 passport pictures (if not sent before) ; personal toiletries ; a small dictionary (French/English) and notebooks
Class books	It is not necessary to buy any books. The books used in class, according to the language level, can be borrowed for a deposit of 20 € which will be reimbursed when the book is handed back. For your own use it is recommended to bring your dictionary and a book with the conjugations of the French verbs (a good one is called “Le Bescherelle”).
Insurance	Students are advised to take out an individual insurance policy for the duration of their stay. The Collège insurance policy only covers against accidents occurring during activities organized by the Collège, but not for injuries incurred in activities it has not sponsored. The insurance should also cover the student in case of injury occurring during a football training or match.
College rules	Students must respect the internal rules & EduKick Boarding School rules . If they are not respected the offending student can be dismissed from the Collège without any refund.

Students under 18 years of age :

Their parents must also **sign an authorization** allowing them to participate in the extra-curricular activities and, in case of accident, authorizing medical treatment, hospitalization or any surgical emergency.

Medical Care The on-site nurse administers routine medical treatment for accidents or minor illness. When a prescription is needed, at the student's request, the nurse calls a doctor who works regularly with the College. The doctor's visit is at the student's expense.

Internet Access Most families have an internet wireless web connection.

Residence permit Students not belonging to the EU have to apply for a residence permit if they enrol for more than three months. In this case they have to apply to their local French embassy or consulate for a student visa prior to departure. A visa is granted on presentation of the Collège "certificate of admission". Upon arrival the Collège administration will help them to prepare their file for the authorities to get a "student card".

For more information on the "carte de séjour", you can check the site of the [préfecture des Alpes-Maritimes](http://www.prefecture-des-alpes-maritimes.fr).

What to pack A golden rule: "travel light". Your journey will be more pleasant if you do not bring too much luggage. Prior to departure, select your clothes very carefully. SEE EDUKICK BOARDING SCHOOL TRAVEL CHECKLIST!

Throughout the year, bring basic clothes such as jeans, T-shirts and, according to the season :

- Winter: pullovers, sweatshirts, light pullovers, but also a raincoat. The outside temperature may be warm, but you must protect yourself against humidity as in any other seaside town.
-
- Spring: sweatshirts, light pullovers. In May do not forget your evening clothes for the film festival.
-
- Summer: the temperature can reach 35° C (95° F), so bring shorts and lots of bath towels.
-
- Autumn: weather is like summer until mid-October, and then it gets much colder. Plan your clothes for both types of weather

PART 3 - INTERNAL ORGANIZATION

LIVING: LODGING AND EATING

Our year-long program uses French host families in the region of Cannes to house the participants. Selected by SIO, they all have the governmental agreement and meet the government rules for children protection.

This provides a safe and secure environment with all the comfort and conveniences that are requested by international students. They have the same obligations and have the same advantages as the children of the family. The student will have his own bedroom, in a villa (or apartment) that may have a swimming pool.

Family obligations: accommodation, meals, laundry, transportation, activities, homework, help for French learning, etc... All the families we have selected are approved with the label UFNAFAAM (Union Fédérative Nationale des Associations de Familles d'Accueil et Assistantes Maternelles)

FOOD

Three (3) meals are served daily. Students will eat a typical French cuisine or international food. Meals are served at home by the family or at the College on a self-service basis offering a lot of choices.

1. Breakfast self-service: Selection of cereals, milk, toast, cheese, yoghourts, fruits, juices, bread and butter, tea or coffee.
2. Lunch: 2 or 3 courses: a starter generally made of salads, meat/fish with hot vegetables (pasta, rice, potatoes, gratins ...), and a dessert (fruit, yogurt, cake, crème, mousse...).
3. Dinner: 2 or 3 courses: (Similar to lunch), adding also hot soup

PLEASE INFORM US IF YOUR SON OR DAUGHTER NEEDS A SPECIAL TREATMENT (no pork, no cereals, allergies ...)

TRANSPORT

On arrival, the student will be greeted at *Nice International Airport* and be transferred to his family house in the region of Cannes by our local coordinator. All transfers to Cannes train station or to Nice airport that are made necessary for the participants to go home for the holidays are conducted by our staff.

During the programme, the family and the College will assure all the transfers between the accommodation, the College, the family and the football club.

DURATION OF THE PROGRAM

Full Year : The program starts on 4 September 2010 and ends on 27 June 2011.

The participants are free for the Christmas holidays and for the Easter holidays.

Half Year : Possibility to start the program in January (6 months)

2nd January to 27 June 2011

The participants are free for the Easter holidays

STUDENTS RESPONSIBILITIES

Students are responsible for the maintenance of their own room and ensure that their valuables are secure at all time. Use of tobacco, alcohol, drugs (except authorized medication) and weapons of any sort are strictly prohibited. See the Code of Conduct section in this manual for further explanations.

EduKick France/Hidalgo International Academy Boarding School - Junior/High School Option

PART 4 – LIVING IN FRANCE

French is one of the most important languages for global communication. Close to two hundred million people around the world speak French, and it is one of the official languages in almost fifty countries. French is also one of the most used tongues at major international organizations; its political and diplomatic influence continues to grow. In terms of trade, French provides access to an increasingly expanding market, as well as to some of the most promising emerging economies.

Additionally, French is the gateway to a great culture. It is rich and diverse, universal in all its expressions. France, currently a member of the European Union, was the cradle of the French language. It is a merging place of great civilizations—Greek, Roman, Arab, etc., whose contributions have shaped the language before spreading to the rest of the world and thus becoming international.

GENERAL INFORMATION - France

Capital: Paris

Time zone: CEST - Central European Summer Time

Regions: France is divided into 22 regions

Religion: 60% Catholic

Government: A president and a parliament elected by the French people

Electricity: 220V, 50 Hz.

Weights and measurements: Metric system.

Telephone dialing: From France: country code + city code + phone number.

CLIMATE

France is very famous for the amount of sunny days it has throughout the year. Its climatological year is divided into four well-differentiated seasons; although, depending on the region, seasonal changes may be abrupt or virtually unnoticeable.

Summer: Sun is present all over France. For the most part, the light clothing is the most usual: T-shirts, thin dresses, skirts, and so on. However, at night in mountain or northern regions it is advisable to have a thicker garment at hand. Temperatures range between 25 and 35° C (77 and 95° F).

Autumn: The weather is more irregular in the fall. Yet, we may encounter cooler, cloudy days. Generally, during this season people wear jackets, raincoats on wet days, and sometimes sweaters, though it is also a good idea to have a T-shirt for warmer sunny days. Temperatures range between 15 and 20° C (59 and 66° F). Climatic extremes are more noticeable in the mountains and hinterland, while the seaside tends to be more windy.

Winter: This is when the cold weather sets in. Although France is far away from extremely cold regions, its winters are cold and it even snows in some parts of the country: the mountains—a delightful destination for winter sports lovers. Thick warm sweaters and coats are required. Temperatures range between 2 y 15° C (35 y 59° F).

Spring: This is the season with the most changeable weather. It sometimes rains and it may be cold when it is overcast. Yet, when the sun shines temperatures are quite pleasant. You will need both winter and summer clothes. Temperatures range between 10 y 21° C (50 and 70° F).

CURRENCY/EXCHANGE

France is part of the Euro Zone. This union is now made up of the following nations: *France, Spain, Germany, Portugal, Italy, Greece, Belgium, Luxemburg, the Netherlands, Austria, Ireland and Finland*. All members share the same currency, which makes movement among member states easier. Traveler's checks can generally be cashed at any bank, though one might have to go to a specific office or branch. A credit card is much more convenient as a means of payment.

Most businesses accept credit cards such as Visa, American Express, MasterCard and Diners Club. Major cities have private cash exchange facilities, some of which also take traveler's checks. As an example, coffee at a café costs between 1 and 3 euros. A Fast Food menu (burger, etc..) is 6 euros, a fixed menu (2 courses + dessert + drinks) between 10 and 14 euros.

HOURS

By and large, business hours for most shops in the country start at 9 am and last till 8 pm, Monday through Saturday. Department stores have continuous hours and boutiques and department stores usually open for business during the Christmas holidays. Restaurants are open from 12 pm to 2.30 pm for lunch and from 8 pm to 10 pm for dinner. One may find that some small eateries, bars, and cafés serve certain dishes at any time of the day. Bank offices are open from 9 am to 5 pm, Monday through Friday. Some banks also open Saturdays from 9 am to 12 pm. Most public services such as city councils and health centres are open from 9 am to 5 pm, Monday through Friday.

EduKick France/Hidalgo International Academy Boarding School - Junior/High School Option

PART 5 – GENERAL CODE OF CONDUCT

Our Code of Conduct is based on principles that promote teaching and learning as well as the highest standards of personal behavior. These principles include respect, honesty, integrity, responsibility and accountability in a safe school and sport community.

ROLES AND RESPONSIBILITIES

We are committed to demonstrating care and commitment to academic excellence and a safe teaching and learning environment; holding everyone under his authority accountable for their behavior and actions; and/or communicating regularly and meaningfully with all members of the school community. Our staff is also committed to maintain order and is expected to hold everyone to the highest standards of respectful and responsible behavior. As role models, they uphold these high standards when they help students work to their full potential and develop their self-worth; communicate regularly and meaningfully with parents; require consistent standards of behavior from all students; demonstrate respect for all students, employees and parents; and/or prepare students for the full responsibilities of citizenship.

Students are to be treated with respect and dignity. In return, they must demonstrate respect for themselves, for others and for the responsibilities of citizenship through acceptable behavior. Respect and responsibility are demonstrated when a student: comes to school prepared, on time and ready to learn; shows respect for himself/herself, others and persons in authority; refrains from bringing anything to school that may compromise the safety of others; and/or follows the established rules.

DISCRIMINATION

Discrimination generally refers to actions toward or practices regarding members of a group which results in them being disadvantaged. Discrimination is prohibited by the FRANCE Human Rights Code.

Section 1 of the Human Rights Code provides that every person has a right to equal treatment with respect to services, goods and facilities, without discrimination because of race, ancestry, place of origin, color, ethnic origin, citizenship, creed, sex, sexual orientation, age, marital status, same-sex partnership status, family status, disability or the receipt of public assistance.

DRUG AND ALCOHOL PROTOCOL

Our students will not use, possess, procure or provide drugs or alcohol or facilitate in any way the use, possession, procurement or provision of drugs or alcohol. If the school has reasonable grounds to believe that any student has committed a criminal or quasi-criminal offence in relation to drugs or alcohol it will so advise the police and will cooperate fully with any resulting investigation. A student who breaches this rule is subject to disciplinary action, including possible suspension or expulsion.

EXPULSION OF A STUDENT

EduKick Inc. & the College reserves the right to expel a student where the continued attendance of that student would not be in the best interests of that student or the school. EduKick Inc. & the school also reserve the right to expel a student where his/her behavior seriously jeopardizes the ability of the school to guarantee the dignity and safety of the program.

EduKick France/Hidalgo International Academy Boarding School - Junior/High School Option

PART 6 – REGISTRATION

ANNUAL FEES

The cost of the EduKick France year-long program covers lodging, food, football instruction, French classes, daily transport to the football ground, transfers on arrival and departure, coordination and supervising of the program, membership card at the football club, distant follow-up from EduKick Inc. & “Sport International Organisation”.

PAYMENT PROCEDURES

The program starts on 4 September 2010 and finishes on 27 June 2011. Therefore all registration to EduKick Inc. must take place before the end of July as to enable the student to go through normal visa and regulation processes in due time. A student whose travel is delayed because of administrative problems will be fully charged for the time he has not spent in his family and for any additional expenses his delay may have caused.
